What Can We Make for You?...

Are you Familiar with Catskill Mountain Moccasins?

Everything you see in the booth and in this book are examples of what you can create. Every aspect of your boots will be completely designed by you: the colors, designs, leather, buttons, laces, etc. If you can dream it, then we can make it. Sit down with one of our well-trained, enthusiastic designers to help walk you through the creation process.

Once you have decided on your pair, we will take a soft-cast mold of your foot and leg in order to make sure your pair fits you perfectly!

CUSTOM HAND-CRAFTED MOCCASINS

One of our highly-skilled artisans will create your moccasins from scratch.

All prices listed are for the trims only, unless otherwise specified.
